Jennifer K. Holmes, MS

The Julia C. Hester House mission is to enhance the quality of life in Fifth Ward and the surrounding communities through programs and services promoting self-empowerment. We strive to mobilize the community to address its issues and needs. Utilizing a holistic case management model, Hester House attempts to stabilize and treat the root of the client's challenges. This approach facilitates solutions that will engage and support the client and family members to achieve social and financial stability. Our current programs and services include early childhood education, after school achievement, youth services, senior services, including utilities, rental and mortgage assistance, food and continued adult education.
