

Undergraduate Courses Requiring an Internship or Practicum

International undergraduate students who would like to gain work experience while they study at Rice University need to enroll in an academic course which requires internship or practicum. Students who enroll in one of the following courses, may apply for CPT (Curricular Practical Training) if they meet the other criteria for CPT eligibility. For more information, please visit our website.: <http://www.ruf.rice.edu/~ois/> or make an appointment with one of our advisors.
